Instructional Focus:

- Speaking –**
Students speak for a variety of purposes and audiences with sophistication and complexity appropriate to the grade level.
- Listening –**
Students listen for a variety of purposes appropriate to the grade level.

Performance Task

1. Tell students that they are going to learn about each other today—how they are alike and how they are different.
2. Read the Student Survey (see A Class Picture Chart 1) to the class.
3. After each statement have students raise their hands if the statement applies to them. They may, of course, pass on any question, but they should be encouraged to take a risk, raise their hands and see who else in the class does the same. The teacher can set the tone by also responding.
4. Have students discuss what they learned about each other as a results of this exercise. Discuss how what they learned about each other will help them to function better as a class.
