

Gold Seal Lesson

Author(s): Marsha Kucker			Lesson Title: Learning the Facts About Smoking			
Grade Span			ICLE Application Model			
K-4	5-8 X	9-12 X	A	B	C	D X

Instructional Focus:

Reading – Students read a variety of grade level materials, applying strategies appropriate to various situations.
Listening – Students listen for a variety of purposes appropriate to the grade level.
Speaking – Students speak for a variety of purposes and audiences with sophistication and complexity appropriate to the grade level.
Basic Concepts and Knowledge – Students develop an understanding of scientific concepts using facts, theories, principles, and models.
Science as Inquiry – Students demonstrate knowledge and skills necessary to perform scientific inquiry.
Science in Personal and Social Perspectives – Students apply scientific principles to personal and social issues.

Performance Task

<ol style="list-style-type: none"> 1. Ask students to brainstorm some of the reasons young people choose to smoke cigarettes and write them on the chalkboard. 2. Ask students to brainstorm some of the reasons young people do not smoke cigarettes and write them on the chalkboard. 3. Lead students in a discussion about these two lists, focusing on why people would make choices to smoke cigarettes if they know it is unhealthy. It might be important to mention that adult behavior is very similar to adolescent behavior in this area. 4. Divide the class into teams and distribute the “Facts About Tobacco Handout”. Have each team complete the handout after researching the effects of tobacco on the Internet and also using library resources. 5. Bring students back to the large group and discuss the new information they acquired about tobacco.

ICLE Essential Skills

Follow oral or written directions. (ela 4)
Identify, collect and/or select pertinent information while reading. (ela 5)
Express opinions clearly and forcefully without interrupting or insulting others. (ela 16)
Use brainstorming, role playing, and standard problem solving strategies to define a problem and suggest solutions. (ela 19)
Participate, sometimes leading, in group meetings by contributing, taking turns speaking, and working toward a common goal. (ela 20)
Understand the personal, social, cultural and historical significance of a text. (ela 23)
Summarize, synthesize and organize information while reading. (ela 24)
Synthesize and evaluate ideas from several selections on similar topics. (ela 38)
Gather information such as data, facts, ideas, concepts, and generalizations from oral sources. (ela 51)
Analyze and evaluate a speaker’s statements of opinion, personal preference and values. (ela 70)
